#### valhalla: home of the chosen

In Norse mythology, Valhalla was a great hall where soldiers who had died honorably in battle dined with Odin, king of the gods. They were brought to Valhalla by Valkyries, virgin warrior women, who rode upon flying horses. In Valhalla, the slain soldiers experienced a perpetually replenishing feast and instant healing after injuring each other in battles.

The Valhalla of Northeast is a commemoration of each year and each respective graduating class. Those who appear in Valhalla 2004 soon graduate, leaving behind only memories of their accomplishments and outtakes. The Graduating Class of 2004 is the first among us to join those other elite classes.

JaQuan White, Leon Pope, and Boston McCornell of to ro, all seniors, exemplify the belligerent and determined spirit of Northeast Raiders.

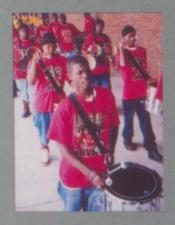

Senior Spirit. At left: "Thank God, I'm almost outta here!" Brittney Pooler rejoices over her impending graduation. At right: Alicia Blash and LaTonya Johnson are hard at work, studying before mid-terms.

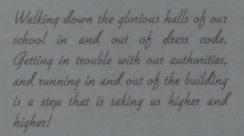

Student Life is filled with all things that the Northeast student body is involved with. Whether it is good or bad times, we all have things that are most memorable to us. Like glimpse of these pictures that will make our road ahead much more special!

Sleeping in class, Eh? It does do your body good. Get it while you can because you have a path in the future to go!

Student life is filled with the roads of success and ability. We are bright students that are looking far beyond our years!

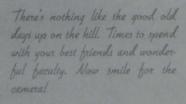

Now that we know that we can travel afar. I ask you, are you ready to lead the highways and pathways to success?

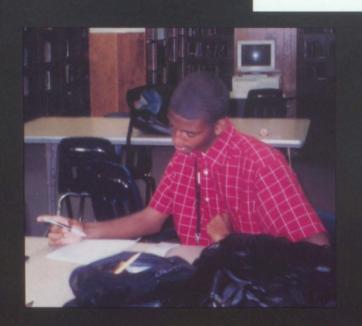

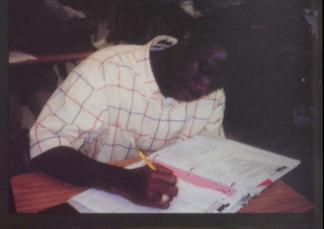

## The Road

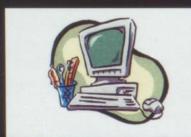

Passing classes is important to most students at Northeast. That's why much emphasis is put on students abilities to succeed. You have to be willing to put forth the effort to take on the challenges that each class sets before you. You can pass by studying, listening in class, staying awake, and focusing on important things. The

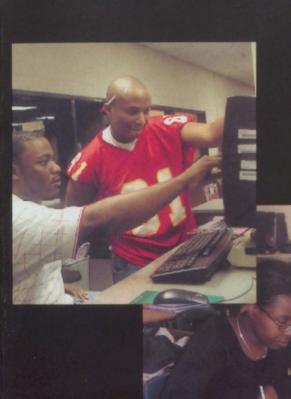

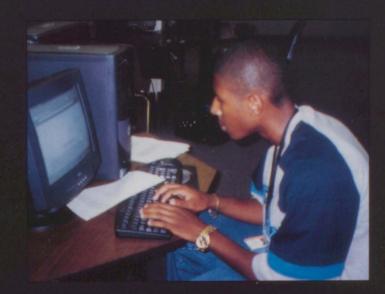

choices students make today affect their lives in the future. There are future leaders among us that can influence the world someday, so take the time to develop skills that will make your future easier. That's the only way your future can truly be a success.

#### A Journe

Brian Riggins is chillin' at lunch in his Celtics Throwback Jersey with the matching hat. Is he the next Paul Pierce? Definitely not!!!

Coach became very popular this school year. Tangela Serls, a senior, is wearing a Coach belt with the matching purse. Go girl!!!

Peasant-type shirts were very stylish. Markita Newsome, Deidra Glover, and Shannon Jefferson, are all wearing them.

## Through

Fashionable trends are a major part of student life because they help us on the road to social acceptance. Fashion is also a means of expressing yourself.

### STYLISH KICKS

(top) Chuck Taylors got creative this year with a line of street-oriented sneakers that range from comics to basic red, white, and blue. (bottom) A new line of Air Force Ones show patriotic styles. "Give me two pair, I need two pair, so I get to stompin' in my Air Force Ones!!"

Open-toes shoes were a trend of the summer and spring. They were worn with stylish skirts and capris. Nevley Duhart and Tamesha Taylor showed how they ranged in color and style.

### A Pathway

"There are many different types of ships. There are wooden ships, steel ships, and metal ships, but the most important ship is friendship"

— Old Irish Broverb

Do you remember when you met your very best friend? Do you remember the last big argument that you and your friend had — the one that you thought was sure to end your relationship for good? Guess what — real friendships aren't friendships with out tough times. It is important that you treasure all of your friendship. Always remember that a true friend is like a diamond precious and

After hours of working on assignments, you can imagine how hectic the traffic can be at Northeast.

One of the most vital things for public education is the school bus. "When you take that bus, you get there." — Anonymous

The invention that has made life easier since the 1800s is the automobile, which is now commonly called a car. Cars help us to get to our destinations in shorter periods of time. A car does bring on plenty responsibilities. You have to worry about monthly car payments, gas money, auto detail, and insurance. Even though some people may say that you can get across town and back when you gaslight is on, you should always have roadside assistance. That would be a lifesaver just in case you end up in a terrible situation.

### Let's Rio

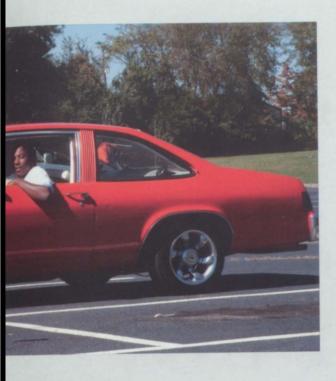

Jabias Riggins goes the extra mile to make sure that everyone notices that his car is more unique than others.

The sight of this car should be a constant reminder. DON'T DRINK AND DRIVE!

#### e Out!!!

The parking lot is filled with faces full of exhaust, happiness, and relief.

The students leave school expeditiously to catch their bus or ride home with a friend.

## You Might Have Senioritis If...

I have always tried to make the right choices in my life because I know that the choices I make reflect my future, my atmosphere, and those I involve myself with. Throughout my high school career I've made the choice to be involved in various extracurricular activities such as the Academic Team, Math Team, Spanish Club, and the Yearbook Staff. I've also been a Northeast Diplomat for two years.

Because of my interest in human health, I hav decided to further m education by attendin college and receiving bachelor's degree Nursing. After completion of college I intend to mov to New York and pursu my career as a Travelin-Registered Nurse. I would also like to explore other countries in the world that are in need of medica assistance. In doing so I wi feel that I am climbing ladder that is leaning agains that right wall and leading me to the destination of success.

"Better to love God and die unknown than to love the world and be a hero; better to be content with poverty than to die a slave to wealth; better to have taken some risks and lost than to have done nothing and succeeded at it; better to have lost some battles than to have retreated from the war; better to have failed when serving God than to have succeeded when serving the devil. What a tragedy to climb a ladder of success only to discover that the ladder was leaning against the wrong wall".

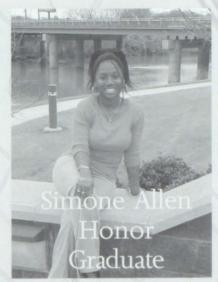

-Erwin W. Lutzer-

As I look back on the past four years here at Northeast High, my heart is filled with joy. I have participated in many activities, some of which includes DECA, Yearbook Staff, Academic Bowl Team, and the Diplomat Organization. After graduation I plan on attending college. #### The Faculty and Staff of Northeast

The faculty and staff of Northeast are prepared to educate. Whether it's simple of challenging, they have what it takes. Educating students are one of their many goals.

It isn't just a job to them, but a need to satisfy their souls.

The faculty and staff of Northeast does more than just leach.

They help students achieve their goals that seem to be far beyond their reach.

The faculty and staff of Northeast also offer knowledge and advice.

The lessons that are taught have neither a buying or selling

Attending Northeast High with this amazing faculty and staff has been nothing but pleasure.

We must have struck gold or something because we have ourselves a treasure.

I'm a cheerleader because people say I look muscular. I'm active and it fits my personality. I enjoy cheering and I would do it professionally if the opportunity occurred.

I play football and baseball to have extra things to do in school instead of staying home. I enjoy playing very much. I would go pro if the opportunity occurs.

#### Sports

I play football and baseball because I've played since I was little and I like the contact with other people. I enjoy playing and I would go pro playing football with all opportunities.

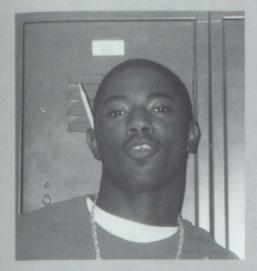

I am a cheerleader and I play golf. I cheer because I am needed on the squad for different things and I do it for extracurricular activities and I would go pro cheerleading.

I play football, basketball, and I run track. It is fun and exciting and I do it to stay in shape and to travel. I enjoy the sport and I'd go pro with football and basketball.

I am a cheerleader because it is something I love to do. I enjoy cheering and would do it professionally.

I play football, basketball and baseball. I love the competition and the game. Everyday is a game day. I enjoy these sports and would go pro with all opportunities.

I play basketball because I have a love for the game. It is also a way of staying in shape and out of trouble. I enjoy playing but it can get consuming and stressful and I wouldn't go pro.

According to Ralph Waldo Emerson, "The reward of a thing well done is to have done it..." and when it comes to a thing well done, it's Alvin Copeland and Raiderettes Basketball!

Northeast's victory over Southwest during the "2003 Great Southern Shootout" says it all. It marks Coach Copeland's 700th career victory – an honor few men ever achieve...

Coming to Northeast in 1970 with wins from Hubbard High and Appling Middle Schools, and having won five State Championships at Northeast ('75, '81, '82, '85 & 2002), the 700th milestone was inevitable.

For his **commitment**, **dedication**, and **inspiration** to decades of students at Northeast, and for the **impeccable** record he sports, the Valhalla and administrative staffs **dedicate** the 2004 Valhalla

to a Man... to a Legend...

Jermaine Morell is a native of Sylvania, GA, where he attended Screven County High School. There, he was a member of the Screven County High School Marching, Concert and Jazz bands. He was an All-State finalist for symphonic trumpet and he made District One Honor Band for 6 consecutive years. Upon high school graduation, Mr. Morell attended the nation's only secondary school devoted solely to music education, VanderCook College of Music, in Chicago Illinois. While at VanderCook, Mr. Morell had many musical opportunities. He played professionally for various jazz clubs, schools and theatre companies. He served as chief of staff for Bands of America National Marching and Concert Band Competitions in Indianapolis, Indiana. Mr. Morell was also chief of staff at the Midwest Band and Orchestra Clinic in Chicago. This event is the largest music convention in the world! Mr. Morell also had the distinguished opportunity to serve as the personal bodyguard of virtuoso trumpet artist, Wynton Marsalis. Before his move to Macon, Mr. Morell taught at Hillcrest High School in Country Club Hills, Illinois. Hillcrest High school had an outstanding music program, placing runner-up for the state jazz competition for six consecutive years and placing third in the state for Concert Band in 2002. This is his first year at Northeast.

The closets of our parents and grandparents got completely raided on 70's Day. Maybe we even raided our own closets for those old clothes that we just didn't want to let go. Get a look at these afros and bell bottoms that are so far-out.

#### Don't Quit

To the Class of 2004

When things go wrong as they sometimes will, When the road you're trudging seems all uphill, When the funds are low and the debts are high, And you want to smile, but you have to sigh, When care is pressing you down a bit, Rest if you must, but don't you quit. Life is queer with its twist and turns. As everyone of

us sometimes learns, and many a failure turns about, when we might have won had we stuck it out. Success is near when it seems so far, so stick to the fight when you're hardest hit, It's when things seem worst that you must not quit!

We would have wished for your warm disposition and dreamed of your spirit and style. We would have hoped for your love and affection, imagined your beautiful smile....
